Personnel Announcement Public & Defense

MHP strengthens its Public & Defense division: Dominik Rüber joins as Partner

Ludwigsburg – Dominik Rüber joined MHP as a Partner on June 1, 2026. Drawing on his extensive experience in the defense and digitalization sectors, Rüber will drive the expansion of the Public & Defense business at MHP while strengthening its market presence and strategic partnerships. His focus includes supporting armed forces and associated government agencies with complex transformation and digitalization initiatives.

Dominik Rüber emphasizes: "Security and defense capabilities are not created by technology alone, but by its successful implementation. I look forward to helping drive the industry's digital transformation together with our customers."

Before joining MHP, Rüber served as Senior Vice President Defense at T-Systems. Previously, he worked as a consultant and project manager and held senior sales and business development roles with a focus on the defense sector. Since 2022, he has also served on the board of the Bitkom Defense Working Group.

About the management and IT consultancy MHP

MHP is a German management and IT consultancy headquartered in Ludwigsburg. For three decades, the company has been driving the transformation of processes and products for around 300 clients worldwide. As a trusted partner in the automotive, manufacturing, aerospace, public, and defense sectors, MHP supports its clients in strategy and IT transformations across the entire value chain. A subsidiary of Porsche AG, the company provides both strategic and operational consulting in key areas such as factory planning, supply chain management, integration and scaling, cybersecurity, artificial intelligence, program management, and platforms & ecosystems. The goal is to sustainably enhance speed, sovereignty, and resilience. With around 4,500 employees worldwide, MHP is united by a shared commitment to excellence and long-term success. This ambition continues to drive the company – today and in the future.
