Strong presence in North America

Forbes recognizes MHP Americas as a Top Consulting Firm

- MHP subsidiary MHP Americas is ranked among the top management consulting firms in the U.S. in 2026
- The ranking is based on independent industry recommendations and positive customer reviews
- New locations in Guadalajara, Mexico, and Detroit strengthen the company's regional presence and proximity to customers

Ludwigsburg/Atlanta – MHP Americas, the U.S. subsidiary of the management and IT consultancy MHP, has been recognized on the Forbes list of “America’s Best Management Consulting Firms 2026” for the first time. This ranking is one of the most important benchmarks in the U.S. consulting industry.

Forbes and Statista compile the ranking annually through an independent, two-step survey methodology. More than 10,000 industry partners and executives nominated consulting firms across 16 industries and 17 functional areas, and 1,250 clients evaluated consultancies they had engaged with in the past four years.

For Tobias Hoffmeister, President & CEO of MHP Americas, the award reaffirms the company's growth and commitment to creating sustainable value for clients: “This recognition by Forbes is a direct reflection of our people and the trust our clients place in us. We’ve built a strong, collaborative team across the U.S. and México that is deeply committed to delivering meaningful results. With the opening of our Detroit office in 2026 and our delivery hub in Guadalajara in 2024, we have strengthened our ability to support clients at scale. As we continue to grow, we remain focused on deepening our impact, strengthening our culture, and increasing the value we create for our clients.”

Targeted expansion of our presence in North America

In 2024, MHP opened a new office in Guadalajara, Mexico, focusing on Managed Business & IT Services and SAP Digital Enterprise. In March 2026, the company further expanded its North American presence: with the opening of a third U.S. office in Royal Oak, near Detroit.
