

McLaren honours MHP for Excellence in Project Execution

October 9, 2026

MHP recognised with 'Supplier Excellence Award 2026 - Project Execution'

- MHP receives McLaren Automotive's Supplier Excellence Award 2026 – Project Execution
- Award celebrates the expertise and commitment of the MHP team
- Recognition reflects MHP's strategic collaboration with McLaren Automotive's IT and Commercial teams

Reading – MHP has been recognised by McLaren Automotive with its Supplier Excellence Award 2026 – Project Execution. The award was presented at the McLaren Supplier Summit 2026, held at the McLaren Technology Centre in Woking on September 3, bringing together McLaren and key members of its supplier network.

The award provides an opportunity to celebrate the expertise, commitment and hard work of the MHP colleagues involved, alongside the close collaboration with stakeholders across McLaren's IT and Commercial teams.

Celebrating the partnership

For MHP, the recognition reflects the strength of the collaboration between the two organisations. Bodo Philipp, CEO of MHP Consulting UK, said: "Receiving this award from McLaren is a fantastic recognition of what the team has achieved together. It reflects the commitment, expertise and collaboration of everyone involved. I'm incredibly proud of the team and grateful to McLaren for recognising their contribution."

The recognition builds on MHP's longstanding work with automotive organisations, combining strategic and technology expertise to support complex transformation programmes.

About MHP

MHP is a management and IT consultancy headquartered in Ludwigsburg, Germany. For more than 30 years, MHP has combined deep industry expertise with technological know-how, supporting leading companies in complex strategy and IT transformations across the entire value chain. Its industry focus spans automotive and manufacturing, aerospace, defense, and energy, as well as the public sector. MHP provides strategic and operational consulting in key future-focused areas such as business transformation, artificial intelligence, SAP and cloud transformation, manufacturing and supply chain digitalization, software-defined products and operations, data-driven business models, and platform & ecosystem development. At the core is the ambition to translate technological excellence into industrial-scale solutions – fast, sovereign, and resilient. In doing so, MHP strengthens the global competitiveness of its clients. Around 4,500 employees worldwide work together to deliver on this ambition. For more information, visit www.mhp.com.
