

What is the SAP Academy?

The SAP Academy is an intensive SAP training program that you are going to participate in for a few weeks as an SAP Junior Consultant as part of GROW.

First, you will receive an overall SAP overview from an experienced trainer, then you will deepen your SAP knowledge depending on your professional focus, and you will be able to put the theory into praxis with a case study. The best part: you'll already have three official SAP certificates at the end of the program. Everything for your perfect start at MHP!

SAP Academy Starter Program

What are your advantages?
